شركة سبازيو انترنو للمقاولات الديكور ذ.م.م. Spazio Interno Co. For decoration W.L.L.

Who We Are

Spazio Interno is an interior design company based in Kuwait, established in 2008 by the Lebanese interior designer *Ne'mat El Majzoub*. We specialize in delivering turnkey luxury interiors that fuse elegance, creativity, and craftsmanship across a diverse range of sectors— including upscale residences, retail spaces, clinics, banks, restaurants, and villas, etc.

Our design philosophy is rooted in sophistication, precision, and timelessness. Each project is uniquely tailored to reflect the client's lifestyle and vision, blending thoughtful functionality with refined aesthetics. From concept to completion, we ensure seamless execution and exceptional quality.

What Sets Us Apart

One of our signature differentiators lies in our exclusive use and manufacturing of Lebanese natural stones, especially the rare **Testa limestone**—a material that adds authenticity, texture, and prestige to our projects.

Our combined experience in interior design and architectural stonework allows us to deliver projects that are not only visually stunning but also built with integrity, craftsmanship, and enduring quality. From concept to completion, we are committed to delivering spaces that inspire, uplift, and last.

Spazio Interno was founded by **Ne'mat El Majzoub**, a graduate of the Lebanese American University (L.A.U. Class of 1997). After starting her career in Lebanon, she moved to **Kuwait** in 1999, joining the prestigious Dia Behbehani Corporation, where she spent nearly a decade honing her design expertise. In addition to working on designing and executing prestigious interior projects, she gained experience as well in purchasing and retailing high-end home and office furniture, also by attending international fairs for furniture, art, and building materials.

In **2008**, Ne'mat launched **Spazio Interno** with a vision to bring elevated, bespoke design experiences to Kuwait's residential and commercial markets.

In **2013**, **Ghassan Abboud**, a seasoned architectural engineer and stonework expert, joined as a partner. With a passion for natural materials and artisanal craftsmanship, Ghassan brought a new dimension to **Spazio Interno** through his deep-rooted experience in the world of stone carving and installation—a craft passed down through generations in his family.

His **stone-cutting factory in Lebanon**, founded in **2005**, specializes in producing high-end Lebanese natural stones, particularly the rare and elegant Testa limestone. The factory in Lebanon became a major asset for cutting and preparing natural marble and stone for *Lebanon, Kuwait and other Gulf markets projects*.

Ghassan's experience spans across major projects in Kuwait, where he worked as Projects Manager at Akl Marble Co. (2003–2008), and as Partner & Manager at Marble House (2008–2013), before becoming a core part of **Spazio Interno**.

Meet the Minds Behind Spazio Interno

FOUNDER & EXECUTIVE MANAGER
Neamat El Majzoub

A visionary with over two decades of experience, Neamat brings a refined design language rooted in elegance, cultural awareness, and spatial harmony.

CO-FOUNDER & MANAGER
Ghassan Abboud

A master of stonework with a lifetime of experience in precision carving and material innovation, Ghassan infuses each project with craftsmanship and authenticity.

What We Do

Spazio Interno, has several years of experience in the Kuwaiti Market, since the year **2008**, in the field of design and build of residential and commercial projects

Our objective in **Spazio Interno** is to undertake both residential and commercial projects.

We offer a full range of services from:

- **Sourcing and surveying**
- **Project Study**
- **Designing : Architectural and interior design**
- **Budgeting, and Preparing Bills of Quantities**
- **Material Specifications**
- **Submitting Presentations including shop drawings**
- **Execution**
- **Design and execution of fit out and furniture**

Our experience in this field has proven great capacity to satisfy all our clients dreams, needs and, requirements; however , keeping in mind the functionality of the space.

We develop design solutions that are safe, functional, attractive, and meet the needs of people using the space.

Natural Stones

In addition to the above, in a few years **Spazio Interno** has become one of the premier **providers of natural stone** in Kuwait and other Gulf countries.

Owning our factory in Lebanon, we manufacture a vast range of marble, granite, limestone, and other quarried stone. We also are renowned for the quality of our craftsmanship in cutting and shaping of marble producing ornamental tiles and finishes, and producing the highest quality of **Testa Lebanese Limestone**.

All imported stone blocks go to our factory in **Mestita, Jbeil, Lebanon** where they are prepared, categorized and cut to size according to the projects' requirements and specifications.

At **Spazio Interno**, we make sure to satisfy all tastes with premium quality that's why our sources are unlimited like *Spain, Turkey, Italy, Greece, India, Iran, Zimbabwe, Portugal, Brazil, Peru,*

Spazio Interno has a special reputation for the installation of facings and flooring including intricate mosaics which it designs and creates in-house.

Finally, our company completed an impressive list of projects, some of which are attached with this profile, from private houses and villas to urban commercial schemes.

— OUR FACTORY —

Equipment

- **GANG SAW MACHINES** 80 blades in each
